

**Lumsden Valley Cats:  
Helping Cats and Communities in the Valley**

LUMSDEN VALLEY CATS

LUMSDEN VALLEY CATS  
BETHUNE PROJECT

**Who We Are:**

A grassroots rescue group founded in 2023, run by five dedicated volunteers who serve Lumsden, Bethune, and nearby rural areas.

**What We Do:**

- Rescue: We take in stray, abandoned, and injured cats and kittens.
- TNR: We trap, neuter/spay, vaccinate, and return feral cats to control overpopulation.
- Adopt: Friendly cats and kittens are fully vetted and adopted into loving homes.

**Why It Matters in Lumsden:**

We've already helped multiple cats and kittens right here in your community. We respond to resident concerns, coordinate veterinary care, and reduce the stray population — all with no cost to the town to date.

**Our Needs:**

We're seeking an annual financial donation from the Town of Lumsden to help us:

- Cover veterinary bills (spays/neuters, vaccines, treatment)
- Supply food, litter, and medication
- Support emergency rescues
- Continue TNR and rehoming work in Lumsden

**Community Support & Impact:**

Your Support = Fewer Strays, Less Suffering, Safer Community

In 2024, the village of Lumsden generously donated \$2000 to support our rescue and TNR work. Every dollar went directly toward helping cats in your community. Allowing us to respond quickly to local calls for help and significantly reduce the stray and feral cat population in Lumsden.

We've included a detailed report of the cats we've helped in Lumsden and surrounding area and the associated costs. Your contribution would go directly back into helping cats in your town.
